1. The learner meets any pre-requisite qualifications or work experience
2. The learner meets any age requirements that may be in place for a particular course.

Language/Literacy and Numeracy

Vigil Training College makes appropriate concessions for language, literacy, and numeracy issues of students where these concessions do not compromise the requirements of the relevant Training Package and the integrity, equity and fairness of assessment.

During the enrolment process, all students complete a brief non-invasive language, literacy and numeracy assessment to enable Vigil Training College to identify any issues that may need to be addressed prior to the commencement of training. Strategies to address these issues will be negotiated with students and may include adjusting learning and assessment modes and methods.

Vigil Training College provide materials, resources, and assessment tasks at a level of complexity required and also provide opportunities for repeated and supported practice.

Where can I get help with language, literacy and numeracy?

Individuals who want to get help with their literacy and numeracy can access information about the nearest LLN provider by calling the Reading Writing Hotline on 1300 655 506.

What is the Reading Writing Hotline?

The Reading Writing Hotline is funded by the Australian Government Department of Education, Science and Training. The project is managed by TAFE NSW - Access and General Education Curriculum Centre and is Australia's national telephone adult literacy and numeracy referral service. For the price of a local call from anywhere in Australia, the hotline can provide you with advice as well as a referral to one of 1200 providers of courses in adult literacy and numeracy.

What happens when I call the Hotline?

You will speak to an experienced adult literacy teacher who will advise you on ways you can access classes in your local area to improve reading, writing, spelling and maths skills. The information you give about yourself is confidential and will not be given to anyone else.

When can I call the Hotline?

You can call the Hotline at any time. If a teacher is unavailable to take your call, your name and number will be taken by the hotline paging service and your call will be returned.

Flexible Learning and Assessment

Vigil Training College will develop a unique training plan (where possible) for each student to assist with time management and fitting studying around your work and life commitments.

If you've already completed a qualification, it may be possible to apply for credit transfer and/or recognition of prior learning (RPL) as long as sufficient and current evidence is provided as required. To learn more about credit transfer and recognition of prior learning please refer to the RPL and Credit Transfer Policy located in the Policies and Procedures section of the handbook.

For further information on how to apply for credit transfer and RPL you can contact Vigil Training College's

student support team.

Assessment Requirements

All assessments must be submitted by the due date. If you are having difficulty completing an assessment, you may discuss it with your trainer/assessor well in advance of the due date. This way the trainer/assessor may be able to provide support or grant additional time. Please note there may be conditions to gaining an extension.

Students are advised to keep a copy of their assessments prior to submission. Vigil Training College can accept no responsibility for lost assessment tasks.

Please note: Students will have to complete assessment tasks again if their work goes missing and therefore it is important to keep a copy of their original assessment tasks.

Assessment malpractice

Assessment malpractice includes: cheating, collusion and plagiarism.

Vigil Training College regards the integrity of assessment as critical to its professional responsibilities as an RTO and therefore strives to ensure the assessment processes are not compromised. Vigil Training College has policies and procedures in place for dealing with assessment malpractice.

What is cheating?

Cheating within the context of the study environment, means to dishonestly present an assessment task or assessment activity as genuinely representing your own understanding of and/or ability in the subject concerned.

Some examples of cheating are:

- Submitting someone else's work as your own whether you have that person's consent or not.
- Submitting another author's work as your own, without proper acknowledgement of the author.
- To allow someone else to submit your own work as theirs.
- To use any part of someone else's work without the proper acknowledgement.

There are other forms of cheating not contained in this list. These are merely given as some examples. If you are unsure about whether any particular behaviour would constitute plagiarism or cheating, please check with your trainer prior to submitting your assessment work.

What is Collusion?

Collusion is the presentation of work, which is the result in whole or in part of unauthorised collaboration with another person or persons. It is your responsibility to ensure that other students do not have opportunity to copy your work.

What is Plagiarism?

Plagiarism is a form of cheating and includes presenting another person's or organisation's ideas or expressions as your own. This includes, however is not limited to: copying written works such as books or

journals, data or images, tables, diagrams, designs, plans, photographs, film, music, formulae, web sites and computer programs.

What are the Penalties for Plagiarism or Cheating?

If a trainer suspects that you are cheating they will investigate further to establish evidence to support their suspicion. By looking at learning resources, searching on Google and reviewing previous or current student's work. If evidence to support the suspicion is established your trainer will then report their concerns to Vigil Training College's Training Manager. From there the following process will be followed:

1. *The assessor will contact you in writing outlining their concerns with your submitted work.*
2. *You will then have an opportunity to respond to any allegations of cheating or plagiarism.*
3. *If the Training Manager's investigation confirms that you have engaged in cheating or plagiarism you will be advised of one of the following consequences:*
 - *If it is determined that your offence committed is minor or unintentional, you will be asked to resubmit your work and be given a formal warning in writing by Vigil Training College's Training Manager OR*
 - *If it is determined that your offence committed is of a serious and intentional nature you will be un-enrolled in that unit immediately and have to re-enrol if you wish to complete that unit. Your result for that unit will be recorded as Not Competent. A cheating/plagiarism note will also be recorded against your student file. Notification of any such decision will be made in writing by Vigil Training College's Training Manager.*
4. *If the conduct is repeated or if the initial conduct is of a very serious nature (as determined by the Training Manager), such as knowingly falsifying assessment evidence, the student's enrolment may be terminated. In cases of termination, all fees paid will be non-refundable.*

What if I don't agree with the decision?

If you disagree with the decision or the penalty imposed you are entitled to lodge an appeal in accordance with the Appeals Policy and Process. For more information you may refer to the Complaints and Appeals section of the Student Handbook.

How do I avoid Plagiarism or Cheating?

Students are advised to note the following advice to avoid claims of plagiarism or cheating:

- Always reference other people's work. You may quote from someone else's work (for example, from websites, textbooks, journals or other published materials) but you must always indicate the author and source of the material.
- Always reference your sources. You should name sources for any graphs, tables or specific data, which you include in your assignment.
- You must not copy someone else's work and present it as your own.
- You must not falsify assessment evidence.

Code of Conduct

All Vigil Training College participants are expected to take responsibility for their own learning and behaviour during both training and assessment. Any breach of discipline will result in the participant being given a 'written warning'. Further breach will result in a participant being asked to 'show cause' as to why they should not be excluded from further participation in the program. A third breach will result in instant dismissal from the training environment. Where a breach is deemed as of a serious nature, as determined by the Training Manager, the student's enrolment may be terminated. In instances of dismissal and termination of enrolment, all fees paid will be non-refundable.

Personal interaction, staff-to-student and student-to-student is expected to be respectful. An aggressive manner or degrading and abusive language will be considered contrary to the Code of Conduct and a breach of discipline. Following are further instances of breaches to the Code of Conduct.

COURSE INFORMATION

All training programs provided by Vigil Training College are registered under nationally endorsed training packages. These training programs are competency based which means that training and assessment focus on the development and recognition of a person's ability to apply relevant knowledge and skills to perform workplace tasks to a specified standard.

Training Programs

The specific skills and knowledge required for particular activities are set out in Units of Competency which can be grouped together to formulate the completion of a nationally recognised qualification. Nationally recognised qualifications are outlined in training packages. These can be viewed at www.training.gov.au.

Each qualification has a list of employability skills and foundation skills which describe the non-technical skills and competencies that are important for effective and successful participation in the workforce. For each qualification there are specific employability skills listed under the following headings:

1. Communication
2. Teamwork
3. Problem solving
4. Initiative and enterprise
5. Planning and organizing
6. Self-management
7. Learning
8. Technology.

These employability skills will be part of the assessment requirements of a nationally accredited course.

Competency Based Training

All programs delivered by Vigil Training College are assessed under the principles of Competency Based Training. The aim of Competency Based Training is to assess the student's ability to complete the activities in each unit.

Vigil Training College will assess the student's ability (or competence) to carry out the activities in each unit of competency.

Competencies are normally expressed in terms of a unit of competency. For example, if you were working in a retail store, a unit of competency might include "use point of sale equipment." Competencies include the skills and tasks that are required in the workplace. When a student is being assessed on these activities, the student will be required to perform the activity to the level required in the workplace.

All assessment results are recorded in Vigil Training College's Student Management System. Students have access to their assessment outcomes via the student portal or by request.

Certification documents are issued from the results recorded in Vigil Training College's Student Management System.

Flexible Delivery

Flexible delivery means providing training that best suits the participant and/or employer. Vigil Training College offers courses through Distance/Blended delivery. Please refer to relevant course brochures and website for course information/delivery options available.

Blended Learning (Classroom and Online)

The Blended courses are delivered with an initial classroom-based component as well as a subsequent Distance online format.

Computer Specifications and Requirements

The software requirements to ensure the course materials are accessible are as follows:

- Latest versions of Word and Adobe Reader are required
- Some applications (videos) will require the latest version of Flash-Player
- We recommend Google Chrome as an Internet Browser most compatible with the student portal.

We recommend an internet speed of at least 5mpbs. You can check your internet speed with free speed checkers such as this [one](#). Slower connections may suffice for accessing your materials through Adobe Reader. However, you may experience quality and downloading issues with other multimedia resources. We aim for maximum operational efficiency with our high-quality SMS however from time to time outages may occur, but these will be attended to as quickly as possible.

For Webinar-based Blended/Online courses in specific qualifications (please refer to website). There are important requirements to be able to participate in a Webinar-based course and these are as follows:

- Internet (Minimum 5 mbps Downloads & 1.5 mbps Uploads)
- Google Chrome Web Browser (available as free download)
- Latest Adobe Flash Player and Adobe Acrobat Reader
- Microsoft Word, PowerPoint, Excel 97 or later (equivalent)
- Webcam (optional)
- Headset with microphone (noise cancelling preferable)
- Comfortable seating at PC or Mac and suitable area for breaks

Evidence Requirements

Evidence is the material proof that you have performed the specified competency or task to the required standard. Your evidence requirements will be determined by the Unit of Competency, employability skill requirements, industry expectations, government regulations, and your qualifications and current experience. Evidence can take many forms and you will be required to present more than just one piece of evidence.

Assessment tools that we will provide to you set out the exact requirements for evidence for each unit/module.

Examples of evidence could include one or more of the following:

1. Specific assessment tasks set by your assessor
2. Observation reports
3. Certificates and awards

4. Examples of work completed or special projects
5. Current licenses
6. Position descriptions and performance reviews
7. Third party reports
8. Question responses
9. Tests

Your evidence must also demonstrate the following:

1. That you can do the job or task to the required standard
2. Understand why the job should be done in a particular way
3. Handle unexpected issues or problems
4. Work with others 'in a team'
5. Do more than one thing at a time, e.g. perform the task and be aware of the occupational health and safety requirements
6. Know the workplace rules and procedures

Assessment

Assessment is defined as the process of collecting evidence and making judgments on the nature and extent of progress towards the performance requirement set out in a (competency) standard, or learning outcome, and, at the appropriate point, making a judgment as to whether competency has been achieved'.

In simple terms, assessment is the process of collecting evidence and making judgments on whether competency has been achieved. In order to be assessed as competent (C), you will need to provide evidence which demonstrates that you have the essential knowledge and skills to successfully complete the relevant unit to the required standard. Competency is simply about demonstrating that you can do the task with confidence to the required industry standard as endorsed by the training package or VET accredited Course.

An assessment of 'Not Yet Competent' (NYC) is not a failing mark. It is simply a request for more information or further confirmation of the knowledge and skills required. Our trainers will provide feedback to guide your resubmission and are available for contact if required. The student will be required to successfully resubmit the assessment with the required rectifications to achieve a competent result. The student will be allowed a limit of three submissions per unit of the course. To be eligible for the qualification, the student must receive a competent result for all units of the course.

Assessment, within competency-based approaches to learning, is criterion referenced. This means it identifies an individual's achievements of defined outcomes, rather than relating their performance to that of other learners or trainees.

Assessment methods used may include:

- Demonstration.
- Observation.
- Work samples.
- Workbook activities.
- Oral presentations.

- Role plays or simulation.
- Projects

Principles of Assessment

There are four key principles that are a part of the assessment process:

Fairness	<p>The individual learner's needs are considered in the assessment process.</p> <p>Where appropriate, reasonable adjustments are applied by the RTO to take into account the individual learner's needs.</p> <p>The RTO informs the learner about the assessment process and provides the learner with the opportunity to challenge the result of the assessment and be reassessed if necessary.</p>
Flexibility	<p>Assessment is flexible to the individual learner by:</p> <ul style="list-style-type: none"> • reflecting the learner's needs; • assessing competencies held by the learner no matter how or where they have been acquired; and • drawing from a range of assessment methods and using those that are appropriate to the context, the unit of competency and associated assessment requirements, and the individual.
Validity	<p>Any assessment decision of the RTO is justified, based on the evidence of performance of the individual learner.</p> <p>Validity requires:</p> <ul style="list-style-type: none"> • assessment against the unit/s of competency and the associated assessment requirements covers the broad range of skills and knowledge that are essential to competent performance; • assessment of knowledge and skills is integrated with their practical application; • assessment to be based on evidence that demonstrates that a learner could demonstrate these skills and knowledge in other similar situations; and • judgement of competence is based on evidence of learner performance that is aligned to the unit/s of competency and associated assessment requirements.
Reliability	<p>Evidence presented for assessment is consistently interpreted and assessment results are comparable irrespective of the assessor conducting the assessment.</p>

Rules of Evidence

The Rules of Evidence are closely related to the principles of assessment and provide guidance on the collection of evidence to ensure that it is valid, sufficient, authentic and current as follows:

Validity	The assessor is assured that the learner has the skills, knowledge and attributes as described in the module or unit of competency and associated assessment requirements.
Sufficiency	The assessor is assured that the quality, quantity and relevance of the assessment evidence enables a judgement to be made of a learner's competency.
Authenticity	The assessor is assured that the evidence presented for assessment is the learner's own work.
Currency	The assessor is assured that the assessment evidence demonstrates current competency. This requires the assessment evidence to be from the present or the very recent past.

Assessment Results

Results of assessment are provided to students as soon as practicable. These results are available through your student login account. Assessment results are confidential at all times and will not be given to any other party unless a written request signed by the student is received in advance.

Reasonable Adjustment

Students with disabilities or learning difficulties are encouraged to discuss with Vigil Training College any 'reasonable adjustment' to learning and assessment processes which they consider would be necessary or assist them in the performance of their studies.

Careful consideration will be given to any requests for reasonable adjustment of this nature, and, where reasonably practicable, such adjustments will be made. There may however be circumstances where it will not be reasonable or reasonably practicable for Vigil Training College to accommodate or where other adjustment may be more appropriate. Reasonable adjustments cannot compromise the integrity of competency-based training and assessment.

Extensions for Assessment

It is expected that all assessment tasks are handed in on the due date. Should you require additional time to complete an assessment, you must communicate with your assessor and apply for an extension. Standard extensions fees may apply.

Additional Submission and Support

Further submission attempts may be provided only at the discretion of Vigil Training College. Students may request a submission attempt—approval will be at the discretion of the training management. This discretion will rely on the quality of previous submissions and the consideration of the study making progress through extra effort of the student to address the feedback required.

The student is advised to speak to a student support officer to assess the need for course extension and/or support services provided by Vigil Training College.

Awards

Once a student has successfully completed all assessment requirements for their applicable course, the student will be issued with certification documentation.

For students who have not met all requirements for the course or students who withdraw from a course and have paid relevant fees have the right to receive Statement of Attainment from Vigil Training College for the units of competency they have been deemed competent in.

Recognition of Prior Learning (RPL)

All students have the opportunity to apply for recognition of prior learning. This means that you can submit evidence for a Unit(s) of Competency, and have it assessed by a qualified assessor without completing the training.

Vigil Training College believes that no learner should be required to undertake a unit of competency for which they are already able to demonstrate satisfactory achievement of the performance outcomes, as stated in the endorsed training package or nationally recognised course.

Vigil Training College aims to maximise the recognition of a learner's prior skills and knowledge whilst at all times maintaining the integrity and standards of the defined learning outcomes of the specific qualification or course of study. Students who consider they already possess the competencies identified in all or part of any course/qualification offered by Vigil Training College may seek recognition.

If you think you have the necessary knowledge and skills to match a Unit(s) of Competency or a qualification at the required standard you need to contact your trainer or any Vigil Training College admissions staff who will provide the information you need to complete an application.

Recognition Process

Recognition is a method of assessing if you have evidence of competency for a particular unit of competency that you are enrolled in. It is important to remember that recognition is an assessment process, not an assumption of competence.

Recognition is the determination, on an individual basis, of the competencies obtained by a student through:

- previous formal/informal training;
- work experience; and/or
- life experience.

Recognition therefore determines the subsequent advanced standing to which the student is entitled in relation to a course/qualification. The main focus of recognition is what has been learned rather than how, where or when it was learned. Recognition focuses on both the demonstration of competence and the currency of that competence to industry standards.

It is important to note, the onus is on the student to present evidence and demonstrate pre-existing competence to justify a claim for recognition and present their case to the satisfaction of the assessor.

Any documents that you provide to support your claim of competency must be the originals rather than copies. Your original documents will be photocopied and handed back to you. It is also expected that any evidence submitted is your own and if any part of the work is the work of others, that this is formally acknowledged and advised.

Recognition Decision

Regardless of the type of evidence that you submit, Assessors must be confident that the evidence meets the following criteria:

- Full requirements of the Unit of Competency(s);
- Any regulatory requirements;
- Authenticity - That it is your own evidence and can be authenticated;
- That you can perform the competency consistently and reliably;
- Is at the standard expected in industry and set out in the Australian Qualification Framework (AQF);
- Sufficiency - There is sufficient evidence to make a judgment.

The recognition process may include the necessity to demonstrate the application of skills. Where it is identified that this is required to assist the assessor in their judgement of competency, this will be arranged at either the student's workplace or at Vigil Training College's training facilities.

Vigil Training College is committed to ensuring that all judgments made by trainers against the same competency standards are consistent. Your trainer will examine the evidence that you present and then make a judgment on that evidence which will be either:

- Competent (C) - you have been deemed competent against all the requirements of the Unit/s of Competency
- Not Yet Competent (NYC) - you have not yet demonstrated competency to all requirements.

Your trainer will advise you of the outcome of your application for RPL and advise where gap training and/or assessment is required.

Credit Transfer

Vigil Training College recognises the AQF qualifications and Statements of Attainment issued by other Registered Training Organisations (RTOs). Where a student has completed a unit/s of competency prior to enrolling with Vigil Training College that are included in the course in which the student is enrolling, the student may apply for recognition. This may result in the student not having to complete the same unit of competency again. This is known as credit transfer. Should you wish to seek credit transfer, contact the Vigil Training College Admissions Staff for a Credit Transfer Form.

See the RPL and Credit Transfer Policy for more details.
